Notes to Editors:

Challenger (LSE: CHAL) is focused on the design, engineering, project management and investment in select giant observation wheels. By combining its world-class team of technical engineering and project management skills with proven international financial expertise, the Company is ideally positioned to become a leader in the giant observation wheel sector.

The Company, which also has a ~3% equity interest in the US\$500 million New York Wheel Project, is currently focusing on appraising approximately 25 opportunities in its project pipeline where it believes that it can utilise its expertise. With a team that has worked on four of the largest giant observation wheels constructed over the last 16 years, including the iconic London Eye, the Company is building on its unique position to deliver projects and generate shareholder value.
